

MAYOR OF LONDON

Non-Road Mobile Machinery
Low Emission Zone standards
are due to become tighter from
1 January 2025

Changes from 1 January 2025

- **NRMM on all sites within Greater London will be required to meet Stage IV as a minimum.**
- **Central Activities Zone, Opportunity Areas and Greater London zones will no longer have different standards.**
- **The requirement for generators will continue to be Stage V.**

KEY
○ Sites within all Greater London boroughs required to meet Stage IV

What you need to do before 1 January 2025

- 1 Log into your account on the NRMM website.
- 2 Review your NRMM register.
- 3 Ensure that all your registered NRMM will comply with the required standards.
- 4 Continue to log all NRMM between 37kW – 560Kw.

Keep an eye on the GLA website for updates visit [NRMM.London](https://www.nrmm.london) or scan the QR code.

Exemptions

If you can't source compliant NRMM or if you're using an engine which has been retrofitted with an emissions reduction system, you need to apply for an exemption.

For details of the criteria and evidence required when applying for an exemption, refer to the Exemption and Retrofit Policy on the website: [NRMM.London](https://www.nrmm.london)

Summary of current and future standards

	Greater London	CAZ/OA*
Current	Stage IIIB	Stage IV
From 1 January 2025	Stage IV	Stage IV
From 1 January 2030	Stage V	Stage V
From 1 January 2040	Zero Emissions	Zero Emissions

*Central Activities Zone / Opportunity Area

Non-Road Mobile Machinery (NRMM) is a significant contributor to air pollution and carbon emissions.

The tightening of NRMM standards will help to reduce air pollution in your workplace and ensure that the proportion of exhaust emissions from the construction sector doesn't increase over time.
